

## 2. TimeStamp Solution

TimeStamp from the Origin Certification Center will guarantee the originality & integrity of the e-Documents. And especially, the TimeStamp will also certificate when the documents was created, the signed (both or triple etc.) and changed or not.  
 문서에 국가공인 전자문서 진본확인센터의 타임스탬프를 결합하여 그 문서의 진본성과 무결성을 보장합니다. 진본확인센터에서는 해당 전자문서를 10년간 보증하는 법적 효력을 제공하여 종이문서 보관이 더 이상 필요 없는 Paperless환경을 제공 합니다.
